

JAYNE'S CARMINATIVE BALSAM

It is a certain, safe, and effectual remedy for Dysentery, Diarrhoea, or Looseness, Cholera Morbus, SUMMER COMPLAINT, Cholera, Griping Pains, Sour Stomach, Sick and Nervous Headache, Heartburn, Waterbrash, Pain or Sickness of the Stomach, Vomiting, Spitting up of Food after Eating, and also where it passes through the body unchanged. Want of Appetite, Restlessness and Inability to Sleep, Wind in the Stomach and Bowels, Hysterics, Cramp, Nervous Tremors and Twitchings, Sea Sickness, Faintings, Melancholy and Lowness of Spirits, fretting and crying of Infants, and for all BOWEL AFFECTIONS and NERVOUS DISEASES.

This is one of the most efficient, pleasant, and safe compositions ever offered to the public for the cure of the various derangements of the stomach and bowels, and the only article worthy of the least confidence for curing CHOLERA INFANTUM or SUMMER COMPLAINT; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for without exception, it is one of the most valuable family medicines ever yet discovered. Hundreds, nay, thousands of certificates have been received from Physicians, Clergymen, and families of the first respectability, bearing the strongest testimony in its favor, too numerous to publish.

New York, May 20, 1837.

Dr. D. Jayne—Dear Sir—Having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing that those who are afflicted with any of these complaints will find relief in the use of this valuable medicine. JONA. GOING, D. D., President of Granville College, Ohio.

Woodstown, Salem co., N. J., May, 1837.

From a long acquaintance with Dr. Jayne's Carminative Balsam, I believe it to be a very happy combination, and a useful medicine in many complaints which almost constantly occur in our country, such as Bowel Affections of children, Cholera, Cramps, Looseness, Dyspeptic, Disorders of the Stomach, Coughs, and Affections of the Breast, together with all those diseases attended with sourness of the Stomach; and believe that physicians will often find it a useful remedy in their hands, and one that is proper for domestic use, and can be put into the hands of persons at large with perfect safety. WM. BACON, M. D.

Baltimore, March 27, 1833.

Dr. Jayne—Dear Sir—You ask me what proofs I meet with of the efficacy of your Carminative. I can safely say that I never prescribed a medicine for Bowel Complaints that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of children it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child, and of such and such a child." I have repeatedly heard said. In dysenteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it. Respectfully,

M. L. KNAPP, M. D.,

Late Physician to the Baltimore Dispensary, and Agent for the Maryland Vaccine Institution.

BRIDGEPORT, N. J., July 19, 1836.

This may certify that I have used Doctor Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases. WILLIAM STEELLING, M. D., Physician to the Cumberland N. J. Almshouse.

WORMS! WORMS!! WORMS!!!

Of all diseases to which children are exposed, none are so fatal to them as worms. Unfortunately, children are seldom free from them, and as they imitate the symptoms of almost every other complaint, they often produce alarming effects without being suspected. Worms are not only a cause of disease themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves into large balls, and obstructing the bowels, and frequently the throat, causing convulsions, and too often death. The best remedy ever yet known is

DR. JAYNE'S TONIC VERMIFUGE,

which is perfectly safe, and so pleasant that children will not refuse to take it. It effectually destroys WORMS; neutralizes acidity or sourness of the stomach, increases appetite, and acts as a general and permanent Tonic, and is, therefore, exceedingly beneficial in intermittent and Remittent Fevers, Indigestion, &c., and is a certain and permanent cure for FEVER and AGUE.

It not only destroys Worms, and invigorates the whole system, but it dissolves and carries off the superabundant slime or mucus so prevalent in the stomach and bowels of children, more especially of those in bad health. This mucous forms the bed or nest in which worms produce their young; and by removing it—it is impossible for worms to remain in the body.

It is harmless in its effects on the system, and the health of the patient is always improved by its use, even when no Worms are discovered. Numerous certificates of its usefulness have been received, which the proprietor does not consider necessary to publish; yet to give the reader an idea of its vermifuge powers, he will mention a few cases. He gave it to his little nephew, not four years old, and in a few days he discharged upwards of ninety large worms. He also gave it to his daughter, then about three years old, when it brought away thirty worms in one night.

Joshua Thompson, near Salem, N. J., administered this Vermifuge to a child between two and three years old, and says that in a few days she discharged one hundred and twenty-seven large Worms.

Mr. Joseph A. Lents, of the Penn Township Savings Institution, in this city, gave it to one of his children, and says that after the sixth dose it brought away about fifty Worms at once, five and six inches long.

Mr. Ferdinand Woodruff used two bottles of this Vermifuge for DYSPEPSIA, and in the course of two weeks discharged upwards of thirty pieces of TAPE WORM, and was thereby perfectly cured.

Another gentleman of this city had it administered to his little daughter, about three years old, when she had a number of discharges from her bowels, composed entirely of little white thread worms. He says, "they came away from her, not only by hundreds, but I may truly say, by thousands, separately and in solid balls as large as hickory nuts, composed entirely of dead worms."

LOVE AND PATRIOTISM, a Poem, by Richard S. Evans, Counsellor-at-Law, for sale at Brooke's, periodical agency, and at Taylor's, Morrison's, and Farnham's bookstores.

The following extracts are taken from some of the notices:

From the National Intelligencer.

LOVE AND PATRIOTISM, a Poem, pronounced by Richard S. Evans, at Bowdoin College, at the annual commencement. Portland—Charles Day & Co., printers.

The above is the title of a poem, by Richard S. Evans, of Washington, which has been just published in Portland, Maine. The following remarks upon this performance, are from the Portland Daily Advertiser, of September 7. It was amusing to listen to the observation to this performance. Nonsense, says one. Beautiful, adds another. Horrible, splendid, silly, and grand, were epithets profusely lavished. Surely that man is a poet who gains such praise and such abuse. And verily we believe Evans can and did write poetry. There were parts of this Poem which appeared as pure and gorgeous poetry; for instance, the allusion to the American Bird in connexion with Poland; Campbell himself has not done better, &c.

From the Globe.

The following brief allusion to Poland, is from Evans's Poem on Love and Patriotism, a production which is very highly praised, &c.

From the Alexandria Gazette.

Mr. Richard S. Evans is a gentleman who has long occupied a conspicuous station, as an anonymous writer, in some of the principal literary journals; and to whom the world is indebted, for some of the finest specimens of poetry and learning, &c.

IT CANNOT BE DENIED,

FOR truth is mighty, that Dr. LEIDY'S SARSAPARILLA is the purest, strongest, and most efficacious of any other preparation of Sarsaparilla that is made. It is warranted to be stronger than six bottles of most others, stronger than four of some, and stronger than three of the strongest prepared by any other in the United States.

Dr. Leidy's Sarsaparilla is recommended by all respectable physicians in preference to any other. All who have ever used it have derived more benefit from one bottle than three to ten of others; and those who, after having used other preparations without benefit, will use Dr. Leidy's, will soon be convinced (as thousands have already been) of the foregoing assertion.

The apparatus with which Dr. Leidy's extracts, used in his preparation of Sarsaparilla as prepared, is the only one in the United States, imported by Dr. Leidy himself, from the celebrated house of Pelletier & Caventou, in Paris, at a great expense, and is capable of extracting the medicinal virtues of Sarsaparilla and other roots more effectually than by any other process.

As several hundred certificates of remarkable cures, and recommendations from clergymen and physicians have been from time to time published in different papers, it is only thought necessary to keep the public acquainted as to where Dr. Leidy's Sarsaparilla can be obtained genuine, namely, at Dr. Leidy's Health Emporium, 191 north Second street, near Vine street, (sign of the Golden Eagle and Serpents.) Fred. Brown's, James Bond's, and Fred. Klett's drug stores, Philadelphia, and at

DR. TAYLOR'S BALSAM OF LIVERWORT,

prepared at 375 Bowery, New York, is justly celebrated as the most wonderful curative of pulmonary diseases in the whole range of pharmacy, some of our most respectable physicians use it in their practice, prescribing it as the best of all remedies for pulmonary complaints and physical debility, and they unhesitatingly recommend it to be kept in every family of a consumptive tendency. It is universally received as one of the standard medicines of the day. The great merit of Dr. Taylor's Balsam is, that in all cases of pulmonary complaints it gives immediate relief. A single bottle will, in most cases, reveal its astonishing virtues, and open at once the fountain of health and strength to the afflicted. Read the following certificate:

"Being constitutionally predisposed to Consumption, (a number of my family having died with this disease) and having suffered from irritation of the Lungs, accompanied with cough and raising matter and blood, together with severe pain in my side and breast, till I was supposed to be beyond recovery, I was induced by advice of Dr. Perkins, as a last resort, to try 'Taylor's Balsam of Liverwort.' I have taken five bottles in all. I began to improve with the first bottle, and while taking the third, was so far recovered as to be able to get about. Since which time, by continued use of it, I am quite restored, and able to attend to my usual business. To persons suffering from coughs and affections of the Lungs, I do earnestly recommend it."

(Signed) "JAS. C. SCOTT."

ELIZABETH CITY, N. C., Dec. 16, 1842.

Observe—The only genuine Taylor's Balsam of Liverwort has an engraved label around each bottle, with the signature of Dr. Gordon J. Leeds, attached, to prevent counterfeits. In order to be certain of obtaining the genuine article, purchase only at the original office, 375 Bowery.

DYSPEPSIA.—To relieve the sufferings of human life, to ameliorate the pangs of disease, is the grand object of medical science. This is efficiently demonstrated in the healing virtues of DR. BENJAMIN BRANDRETH'S PILLS. The cures effected by this medicine would fill volumes.

Views on indigestion as a source of undefined and irregular Nervous Sensations.

"Ill, small at first, grow larger from delay, And slowly eat their sad and cankering way; Thus by successive throes, the frame is torn, Till health and peace of mind alike are gone."

The nerves of the human body—those necessary and mysterious agents which immediately connect man with external nature—are singularly prone to have their functions disordered by an oppressed condition of the stomach; the minute termination of that portion of the nerves expanded upon the organs of digestion conveying the morbid impression to the Brain—And although the Head can, undoubtedly, like other organs, be the seat of primary disorder, yet, in the great majority of cases, the uneasy sensations there experienced are symptomatic of disordered stomach; and, further, there is abundant evidence to prove that crudities in the stomach and bowels can, in every grade of human existence, give rise to spasmodic action in every organ of the body; and whether we survey it in the agonizing form of the Tic Doloréux—the alarming convulsions of the Epileptic seizure—or in the irritable condition of the nerves of the heart occasioning nervous palpitation—they can all frequently be traced to the source above mentioned, and be cured by mild evacuant and tonic remedies. To relieve a state of so much suffering and distress (in which body and mind also participate) BRANDRETH'S PILLS are confidently recommended; as, by combining aromatic tonic and cleaning properties, they remove all oppressive accumulations, strengthen the stomach, induce a healthy appetite, and impart tranquility to the nervous system; and in fact, by their general purifying power upon the blood, exert a most beneficial influence in all cases of disease.—Read the following:

DYSPEPSIA CURED.

BENNINGTON, Vt. Dec. 5th, 1843.
Dear Sir—I wish to add my testimony to the host of others that you have in favor of your valuable pills. In the year 1838, I was attacked with that disagreeable complaint the Dyspepsia, which so affected me that I could not take a particle of food, without the most unpleasant and uncomfortable sensations in my chest, head and bowels. My chest was so sore that I could not bear the slightest pressure without giving me pain. My health was most miserable; many physicians told me they thought I was in the consumption, and that if I did not give up my business, and change climate, I could live but a short time.

I tried every thing in the shape of medicine, and consulted the most skillful physicians, but found no permanent relief. I became discouraged, gloomy, sad, and sick of life; and, probably, ere this, should have been in my grave, had I not felt in your precious medicine. A friend of mine, who had been sick of the same complaint, advised me to try your pills; but having tried most other medicines without obtaining any relief, had but little faith that your pills would be of benefit to me; but, at his earnest solicitation, I procured a box and commenced taking them.

The first box produced little or no effect, and I began to despond, for fear that your medicine would prove like others I have taken; but my friends argued that one was not a fair trial, and I purchased a second, and before I had taken the whole box I began to experience a change; the pain in my chest began to be less painful, and my food did not distress me so much as formerly. I went on taking them until I had taken six boxes, and my Dyspepsia was gone, and my expectation of an early death vanished, and I felt like a "new creature." I was then, and am now a healthy man. I have never since been troubled with the Dyspepsia. I have administered your pills to the members of my family, and to my friends, and in all cases with good success. You can publish this if it will be of any use to you. I am, dear Sir, truly yours, J. I. COOK,

THE WONDERFUL CURES

Performed by Dr. SWAYNE'S Compound Syrup of Wild Cherry, in Pulmonary CONSUMPTION, have excited the astonishment of all who have witnessed its marvellous effects; there is no account of a medicine, from the earliest ages furnishing a parallel; the almost miraculous cures effected by this extraordinary medicine, are unprecedented. One among the many certificates may be seen below.

CINCINNATI, Feb. 15, 1840.

DR. SWAYNE—Dear Sir: PERMIT me to take the liberty of writing to you at this time to express my approbation, and to recommend to the attention of heads of families and others your invaluable medicine—the Compound Syrup of Frumus Virginiana, or Wild Cherry Bark.

In my travels of late, I have seen, in a great many instances, the wonderful effects of your medicine in relieving children of very obstinate complaints, such as Coughing, Wheezing, Choking of Phlegm, Asthmatic attacks, &c., &c. I should not have written this letter, however, at present, although I have felt it my duty to add my testimony to it for some time, had it not been for a late instance where the medicine above alluded to was instrumental in restoring to perfect health an "only child," whose case was almost hopeless, in a family of my acquaintance. "I thank Heaven," said the doating mother, "my child is saved from the jaws of death!" and I now say and believe that, beyond all doubt, Dr. Swayne's Compound Syrup of Wild Cherry is the most valuable medicine in this or any other country. I am certain I have witnessed more than one hundred cases where it has been attended with complete success. I am using it myself in an obstinate attack of Bronchitis, in which it proved effectual in an exceedingly short time, considering the severity of the case. I can recommend it in the fullest confidence of its superior virtues; I would advise that no family should be without it; it is very pleasant and always beneficial—worth double, and often ten times its price. The public are assured there is no quackery about it.

R. JACKSON, D.D.

Formerly Pastor of the First Presbyterian Church, N.Y.

In districts where Calomel and Quinine have been too freely made use of in bilious complaints, &c., Dr. Swayne's Compound Syrup of Wild Cherry, will prevent their evil effects on the system, and act as a strengthening alternative and improve the bilious functions.

SANDS'S SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM, NAMELY:

Scrofula, or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stomachic Ulcers, Syphilitic Symptoms, Sciatica, or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites, or Dropsy, Exposure or imprudence in life. Also, Chronic Constitutional Disorders will be removed by this preparation.

TO promote the health of the body and increase the tranquillity of the mind, are among the most important objects for which man lives, and for which the sages of antiquity labored with incessant and unremitting toil. The constitution of man was their study, in order to discover the seat of his malady, and source of all his corporeal misery. To alleviate the drooping spirits, to inspire confidence to the desponding mind, and ease the sorrowed heart, all the arts and arguments of their philosophy and powers of reason were turned. Among the varied branches of worldly learning, there can be none equal in importance to that of the Healing Art, for the soul in a diseased body may be aptly compared to the martyr in his dungeon, which retains its real value, but has lost its usefulness. Many or most diseases have their origin in an impure or impoverished state of the blood, and this being a fluid sui generis, extending to the most minute ramifications of the system, the subtle poison is infused, and the seed being sown brings forth fruit in abundance; in one instance, causing a swelling of the glands, resulting in Scrofula or King's Evil—in another, ossification of the arteries, or turning them into bone; also, rheumatism, and disease of the heart, cutaneous eruptions, diseases of the liver, and a variety of other maladies, which soon hurry their victim to the grave. Sands's Sarsaparilla, a purely vegetable medicine, which is the result of years of labor and chemical research, in bringing it to its present state of perfection, will arrest, and, if timely administered, perfectly cure these diseases, by purifying the vital fluid, regenerating the constitution, dispelling diseased action, giving tone to the general energies of the system, and enabling the blood to course on freely, and bringing with it health and renewed vigor.

The following are extracts from letters recently received, and specimens of those coming to hand daily:

GALLATIN, Tenn., Feb. 27, 1844.

Messrs. A. B. & D. Sands—

Gentlemen: I have just received a letter from my father in Russellville, Ky., who wishes to purchase some of your Sarsaparilla. I have no doubt he can be the means of selling a great deal, as it has performed a wonderful cure in his family. Last December I was sent for to see my sister before she died, she having been in poor health for some two or three years, and at the time I went over to see her, she was at the point of death with the scarlet fever and a cancerous affection of the bowels, from which her physician thought she could not possibly recover. I carried over with me a bottle of your Sarsaparilla, and with the consent of her physician, she commenced taking it that night. I remained with her three days, and left her rapidly improving. Her husband sent a boy home with me for more of the Sarsaparilla. I sent one dozen bottles, which I believe will effect an entire cure. My father writes me to that effect, and wishes through me to procure an agency for selling your valuable medicine in that neighborhood. Respectfully, J. M. OWENS.

NEW YORK, Dec. 1, 1843.

Messrs. Sands—

Gentlemen: Parental feelings induce us to make the following statement of facts in relation to the important cure of our little daughter, wholly effected by the use of Sands's Sarsaparilla. For nearly three years she was afflicted with a most inveterate eruption on the body, which at times was so bad, connected with internal disease, that we despaired of her life. The complaint commenced in the roots of the hair, and gradually spread until the whole head was enveloped, and then it attacked the ears, and ran down the neck, and continuing to increase, until it covered the most of the body. It commenced with a small pimple or pustule, from which water at first discharged; this produced great itching and burning; then matter or pus formed, the skin cracked and bled, and the pus discharged freely. The sufferings of the child were so great as almost wholly to prevent natural rest, and the odor from the discharges so offensive, as to make it difficult to pay that particular attention to the nature of the case required. The disease was called Scald Head and general Salt Rheum. We tried various remedies, with little benefit, and considered her case almost beyond the reach of medicine; but from the known virtue of your Sarsaparilla, we were induced to give it a trial. Before the first bottle was all used, we perceived an improvement in the appearance of the eruption; but the change was so rapid for the better, that we could scarcely give credence to the evidence of our own eyes. We continued its use for a few weeks, and the result is a perfect cure. To parents we would say—If you have children suffering with any disease of the skin, use Sands's Sarsaparilla. With feelings of gratitude and respect, we are yours, &c. ELIHU & SARAH SOUTHWAY, No. 95 Madison street.

ELIZABETHTOWN, N. J., Dec. 2, 1843.

Messrs. Sands—Gentlemen: It is with heartfelt gratitude for your kindness to me that I make a public acknowledgment of the benefit I have received from your Sarsaparilla. I have been for many years afflicted with a cancer in the breast, and for four years it was, as I thought, incurable; it spread very fast, so that it had nearly covered the whole breast, and for many weeks I was so reduced with the loss of blood and the pain of the wound, that I was unable to turn myself in bed, and my sufferings during the whole winter were more than I can tell. With the advice of my friends, I called two of the most eminent physicians of the place, who recommended your preparation of Sarsaparilla, knowing of nothing that would be as likely to help me; which advice I readily received, and before I had taken one bottle, I found a change in my feelings which induced me to take more, and when I had taken the third bottle, I was like another person both in health and strength. I have taken your preparation since last March, and although the wound is not entirely healed, it is in a very favorable state, and I believe it will be the means, ultimately, of my entire cure; and that the afflicted may all find the relief which it alone can give, is the wish of their and your friend,

EUNICE WOODRUFF.
